SEMPERE RUBIO, NURIA	191 - Physiotherapy

SUMMARY

Practicum I is a compulsory third year subject. Students, supervised by a professor at the Faculty of Physiotherapy and a clinical tutor, complements the theoretical and practical knowledges received during the degree, with the experience of practicing in a real clinical environment. Clinical practices give students the opportunity to experience the professional reality from a different viewpoint, offering a first contact with the physiotherapy workplace while a space for learning and reflectioning on the profession.

PREVIOUS KNOWLEDGE

Relationship to other subjects of the same degree

There are no specified enrollment restrictions with other subjects of the curriculum.

Other requirements

Successfully having passed 90 credits ECTS

DESCRIPTION OF CONTENTS

1. Contents

Those aspects of the subjects from the first, second and third degree courses in Physiotherapy with application to the real context of hospital practices, guided by the academic tutor and the clinical tutor.

WORKLOAD

ACTIVITY	Hours	% To be attended
Internship		100
Development of individual work	40,00	0
Internship	100,00	0
Seguimiento y tutorización de Prácticas externas	40,00	0
TOTAL	180,00	

TEACHING METHODOLOGY

Tutorials

- Each student will be assigned an academic tutor from the physiotherapy department, who will be in charge of guiding him/her throughout the internship period and of planning a tutoring schedule to properly follow-up the subject.
- Attendance at these tutorials is obligatory.

Internship attendance

- The number of internship hours for each rotation and type of placement for the 2024-2025 academic year is provided in the subject manual.
- The students will complete the total amount of hours in two different settings, distributed between public concerted centers and private.
- Attending the internship is mandatory.
- Likewise, before starting the internship, it is mandatory to have a negative certification of crimes of sexual nature (Organic Law 1/1996, on the Legal Protection of Minors, amended by Law 26/2015 and Law 45/2015).

Final memory

At the end of the internship, the student must submit a final memory. Its characteristics will be explained by the academic tutor and published in the subject manual.

EVALUATION

Internship: 70%

Tutorials: 5%

Final memory: 25%

All the assessment instruments are developed in the subject manual, published on the website of the Faculty and in the Virtual Classroom.

The student will be informed in more detail through the subject manual, published at the beginning of the course on the Faculty website.

The final grade for the course will be the weighted sum of the marks obtained in each block of the evaluation, as long as the student has obtained at least 50% of the maximum mark in each of them.

The Subject's Manual will be published at the beginning of the course on the Faculty website and on the Virtual Classroom.
