**WORKLOAD**

ACTIVITY	Hours	% To be attended
Theory classes	35,00	100
Classroom practices	10,00	100
Development of group work	19,50	0
Development of individual work	10,00	0
Preparation of evaluation activities	20,00	0
Preparing lectures	10,00	0
Preparation of practical classes and problem	8,00	0
<b>TOTAL</b>	<b>112,50</b>	

## TEACHING METHODOLOGY

The subject consists of a theoretical part and another practice.

During the theoretical meetings there will be used a methodology of education - learning based on the magisterial participative class, complemented by the resolution of ONLINE ACTIVITIES. Likewise, a seminar will be given on Business ethics and Colegiación.

In the practical classes, group exercises of simulations and case studies will be carried out.

**“The teaching program may be modified during the development of the course if the teacher under teacher quality criteria and assimilation of knowledge by the student, it deems appropriate”.**

## EVALUATION

The evaluation of the subject is divided into three blocks: theoretical, online activities and practical. The final grade of the subject will be the sum of the grade obtained in the theoretical block, in the online activities block and in the practical block, being necessary to pass the theoretical and practical blocks to mediate the marks.

### 6.1. Theoretical program (65%)

<b>Theoretical test</b>	<ul style="list-style-type: none"><li>- Test type test of 50 questions. Note = [hits - (errors / number of options -1)] * maximum note / number of questions) <b>(50%)</b></li><li>- 3 short answer questions. Spelling will be penalized. <b>(15%)</b></li></ul>	<b>65 %</b>
-------------------------	---	-------------

This test will have a maximum of 6.5 points out of 10 for the subject, and it will be necessary to get a 3.25 out of 6.5 to pass this block.

It is necessary to have passed this part to mediate with the rest of the blocks and pass the subject.

Theoretical exam is recoverable. The test between calls does not change.

**6.2. Block online activities (10%)**

ONLINE activities	ONLINE activities evaluation	<b>10%</b>
----------------------	------------------------------	------------

This test will consist of 5 online exercises, which will have a value of 1 point out of the 10 possible for the subject. Each of them will be evaluated on 0.2 points.

It is not necessary to have this block approved to mediate with the rest of the blocks.

Online activities are not recoverable on second call.

**6.3. Practical program (25%)**

The practical block will have a value of 2.5 points out of the 10 possible of the subject. Of which, 1 point will be assigned to attendance (0.2 points per practice) and 1.5 points for carrying out group activities in practices (0.3 points per group activity).

It is necessary to have at least 1.25 points out of the 2.5 possible in this block to mediate with the rest of the blocks and pass the subject.

Spelling errors will be penalized.

The practical part will be recoverable in the second call by means of a written exam on the activities carried out in this block.

<b>Practice test</b>	- Practice assistance ( <b>10%</b> ) -Team work or Practical written exam. Spelling will be penalized. ( <b>15%</b> )	<b>25 %</b>
----------------------	---	-------------

All written tests will penalize spelling errors.

Theoretical exam is recoverable. The test between calls does not change.
