**SUMMARY**

The course is bringing together an approach to the Early Childhood Education School (EEES) or Institutions from a multidisciplinary perspective including the historical, political, legal, and comparative nature. Therefore, its contents are formulated for getting closer to the knowledge of its foundations and its theoretical frameworks, as well as to its historical evolution, and the corresponding political and legal

determinants; the contents describe and explain too the main reasons for the location of the EEES within the Spanish education system, and the european and international context. Hence, the course is offering the possibility to draw near international experiences and practical cases of innovation on the field, ion order to acquire basic learning to develop educative interventions of renewal in the future. With regard to the previous considerations, the following academic guide named “‘La Escuela de la Educación Infantil’” develops as it follows:
