## SUMMARY

**English version is not available**

Esta materia plantea un conocimiento inicial de los estudios sobre el lenguaje, de la estructura interna de un sistema lingüístico en sus diferentes niveles y de los planteamientos teóricos sobre el lenguaje en uso, especialmente vinculados con los planteamientos comunicativos de la didáctica de las lenguas (primeras o extranjeras). Con ello, se pretende proporcionar las bases teóricas y las herramientas conceptuales básicas para observar las lenguas, los usos lingüísticos y para reflexionar sobre ellas. En este sentido, se entiende como una materia de referencia para los maestros, que han de sustentar su actividad profesional en un riguroso conocimiento del mundo del lenguaje y la comunicación.
