9. Paul Cézanne, 1839-1906**WORKLOAD**

ACTIVITY	Hours	% To be attended
Theory classes	45,00	100
Classroom practices	15,00	100
Attendance at events and external activities	15,00	0
Development of individual work	15,00	0
Study and independent work	15,00	0
Readings supplementary material	15,00	0
Preparation of evaluation activities	20,00	0
Preparing lectures	10,00	0
TOTAL	150,00	

TEACHING METHODOLOGY**A. Ordinary classes.**

There are three hours of class activities per week. These hours will be distributed of the following way:
1) Theoretical classes given by the teachers (30 hours / course). These classes will have duration from 2 hours per week, in which the teacher will expose to the pupil essential aspects of the matter, they will try to systematize the contents and will provide and facilitate bibliography for the preparation of the examination.

2) Practical work (15 hours /course). The accomplishment of the practical exercises will take place for 1 hour weeks inside the classes attend them established. The aim is to help the pupil in the exercise of the reading, the analysis and the comprehension of the texts, analysis of works of art and published works that are facilitated in the bibliography of reference.

B. Attendance to seminars or complementary activities

Inside this paragraph the assistance of the pupil is included to an activity orientated by the teachers of the subject, as for example to visit out of the classroom museums, collections and monuments, or the assistance to conferences or monographic seminars, etc. In order that the activity is valued, there will be delivered a memory, which characteristics and structure will be communicated to the pupil before the accomplishment of the activity. The set of the practical activities, inside and out of the classroom, they will be delivered in paper for the final evaluation.

C. Assistance to not programmed tutorship

The pupil will be able to represent at the hours of attention that the teacher has established in order to realize consultations on any aspect or doubts related to the subject.

D. Assistance to programmed tutorship

The pupil will be able to be present at tutorships programmed on the part of the teacher with the purpose of extending theoretical and practical aspects, in meetings programmed out of the educational schedule.

EVALUATION

The following items will be evaluated:

1. The final examination in which there will be valued so much the exhibition of the theoretical contents acquired as his practical application.
2. The assistance to seminars, conferences, analysis of concrete aspects, reading of theoretical works or other complementary activities, of which there will be necessary to present a memory for his final evaluation.
3. Individual works proposed by the teacher. The exact percentage that there represents each of these aspects in the final note is the following one:
Written test 60 %
Readings and complementary activities 20 %
Exam of individual works 20 %
TOTAL 100 %

For the second summons the teacher will bear in mind necessarily the qualifications obtained during the course in the diverse tasks and realized activities, to the margin of the written tests. Nevertheless the qualifications of the tests of preparation of the theoretical classes, controls of reading, practical works and complementary activities nothing more will be considered in the first two summonses. In the case the activities have not been realized during the course, there will not be calculated in the final note of the second summons the part that corresponds to them in the final qualification. Into the second summons are admitted neither works nor memories of complementary activities and only the examination will be realized.

ADDENDUM COVID-19

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

IN-PERSON / DISTANCE LEARNING

1. Contents

The contents initially included in the teaching guide are maintained

2. Workload and time schedule

The activities and their hours of dedication in ECTS credits marked in the original course guide will be kept. If the classrooms capacity according to the sanitary norms allows it, the theoretical class attendance will be 100% (if the capacity couldn't be guaranteed, the class attendance would be reduced). Supplementary activities (weekly hour P: total 15 h.) won't have class attendance and will be preferentially online. Teaching planning will be specified at the beginning of the term.

If the sanitary situation changes and no access to the University facilities is possible, all teaching activities will be carried out completely online. In this case, the adaptations will be communicated to the students through the Virtual classroom.

3. Teaching Methodology

Theory and practice classes that may be complemented with different types of materials and activities in the Virtual classroom.

Tutorials will be done online (through the UV corporate mail) or face-to-face by prior appointment with the teacher.

If the sanitary situation changes and no access to the University facilities is possible, teaching and tutorials will be carried out completely online. In this case, the adaptations will be communicated to the students through the Virtual classroom.

4. Evaluation

The evaluation criteria established in the Course Guide are kept.

If the University facilities were closed on the dates set in the official calendar for the final exam, the face-to-face exam will be replaced by an oral online test.

5. Bibliographic references

The recommended bibliography in the Course Guide is kept. If the sanitary situation changes and the access to the recommended bibliography is not possible, it will be replaced by online materials.
