**Coordination**

<b>Name</b>	<b>Department</b>
MOLL NOGUERA, RAFAEL	76 - Labour and Social Security Law

**SUMMARY**

This is an introductory course to the Law of Labor Relations in Spain and the actual legal protection of work. From a panoramic vision of the Spanish positive law, this subject tries to focus on those controversial aspects from the legal policy perspective in relation with this part of the legal order

**PREVIOUS KNOWLEDGE****Relationship to other subjects of the same degree**

There are no specified enrollment restrictions with other subjects of the curriculum.

### Other requirements

Not required

## OUTCOMES

### 1300 - Degree in Political and Public Administration Sciences

- Be able to relate and structure information from diverse sources and to integrate relevant ideas and knowledge in the field of political science and public administration.
- Be able to effectively communicate, both in writing and orally, knowledge, procedures, results and ideas to both specialised and non-specialised audiences.
- Have knowledge and ability to understand essential facts, concepts, principles and theories relating to political science and public administration, and to the spectrum of other reference disciplines.
- Be able to use the theories, procedures and tools of political science and public administration in real-life professional practice (specification, design, implementation, deployment and evaluation of solutions).
- Develop the learning skills needed to complete further studies or training with some degree of autonomy.
- Know the main theories and approaches of political science and public administration, as well as ideas and forms of political organisation.
- Know and be able to analyse the structure and functioning of public administrations.
- Know and be able to analyse administrative and financial planning, management and assessment in public services, and be able to design strategies for organisational improvement and quality assurance.
- Know and be able to interpret historical political and social frameworks so as to have a better understanding of current reality and future prospects; be able to manage historical documentary sources and to conduct comparative analyses of continuity and discontinuity in situations of change.

## LEARNING OUTCOMES

- Know and understand the behavior of the citizen and the democratic values.
- Know and understand the planning, management and evaluation of administrative and public policies.
- Ability to identify documentary sources, data sources, political components, organizational networks, political effects

- Ability to interpret political and legal texts and data, argue, use of terminology
  - Ability to design political strategies and action programs, administrative management measures, draw up organization maps, write reports, fostering the critical spirit
  - Ability to apply methods and techniques of political and social research (using ICT), organizational management techniques, manage public revenues and expenditures
- All of this, obviously, in relation to labor relations and social security

## DESCRIPTION OF CONTENTS

### 1. LABOUR LAW CONCEPT AND HISTORY

Identification of the relations subject to Labour Law, its functions and purposes in society and its historical evolution from its origins to the present time

**WORKLOAD**

ACTIVITY	Hours	% To be attended
Theoretical and practical classes	45,00	100
Preparation of evaluation activities	30,50	0
Preparing lectures	32,00	0
<b>TOTAL</b>	<b>107,50</b>	

**TEACHING METHODOLOGY**

Magisterial face-to-face classes with approach and resolution of practical cases. If this is the case, the exhibition will be done using PowerPoint documents.

Preparation and presentation of works (eg. reports), both individual and group.

Realization of tasks and practices.

Comprehensive reading of texts and study materials.

Expression of oral / written knowledge

**EVALUATION**

- Written and / or oral exams, consisting of one or several exams that may be of an objective type, including theoretical-practical issues and / or problems. This constitutes the 70% of the final grade of the subject. In these tests, the following will be considered as general evaluation criteria:

- Adaptation of the answer to what is asked: concretion and precision
- Writing and spelling
- Terminal and technical accuracy
- Coherence and internal logic of the basis of the answers
- The continuous evaluation of each student is based on regular attendance and active participation in the proposed face-to-face activities, such as practical implementation or participation in workshops, the preparation and / or delivery of papers, reports and / or oral presentations on such activities, individually or collectively, all taking into consideration the degree of involvement and effort of the student in the teaching-learning process and the skills and attitudes shown during the development of such activities. This constitutes the 30% of the final grade of the subject.

In any case, in order for this 30% to be taken into consideration, students must have passed the final test.

2nd Call: It is considered that the activities of the continuous evaluation developed during the course have a recoverable nature. For these purposes, at the time of the final test of the second call -written or oral- or prior to its conclusion, the corresponding recovery activities will be proposed to the students
