SUMMARY

English version is not available

La asignatura Derechos humanos es una asignatura obligatoria, de carácter cuatrimestral, que se imparte en el tercer curso del Grado en Ciencias políticas y de la Administración. Según el plan de estudios vigente consta de un total de 6 créditos teórico-prácticos.

El de derechos humanos es uno de los conceptos políticos básicos de nuestro tiempo, con proyección jurídico-positiva en los sistemas internos de derechos fundamentales y en las declaraciones y convenios internacionales sobre derechos humanos. Ocupa un lugar central en la teoría y en la práctica política, tanto interna como internacional. La profundización en el sentido y significado de la idea de derechos humanos es condición indispensable para comprender e interpretar el panorama político actual.

El objetivo de la asignatura consiste en que los alumnos comprendan las raíces y el alcance de la protección de los derechos humanos en el ordenamiento jurídico internacional. En consecuencia, la asignatura se centra en analizar la protección de los derechos humanos tanto en el ámbito universal, como regional, con una especial referencia al caso europeo.

ADDENDUM COVID-19

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

HYBRID TEACHING

If the academic authority determines it, this subject will be adapted to the hybrid teaching model established by the Faculty of Law, through which face-to-face theoretical-practical classes will be taught in discontinuous weeks for the student. To this end, the Secretary of the Faculty will divide the group into as many subgroups as necessary, teaching in the classroom, at the time established for the subject, to one of the subgroups each week in accordance with the calendar established by the Faculty, providing for the others, as a priority, follow-up of the class through synchronous VIDEO CONFERENCE. The contents, volume of work and evaluation are maintained in the terms initially foreseen in the academic guide.

NON-PRESENTIAL TEACHING

If the academic authority establishes the change in non-classroom teaching, this subject will be taught to all students under the same conditions as those indicated for the non-classroom teaching part of the hybrid system. The contents, volume of work and evaluation are maintained in the terms initially foreseen in the academic guide.
