### Other requirements

## OUTCOMES

### 1300 - Degree in Political and Public Administration Sciences

- Be able to relate and structure information from diverse sources and to integrate relevant ideas and knowledge in the field of political science and public administration.
- Be able to effectively communicate, both in writing and orally, knowledge, procedures, results and ideas to both specialised and non-specialised audiences.
- Have knowledge and ability to understand essential facts, concepts, principles and theories relating to political science and public administration, and to the spectrum of other reference disciplines.
- Be able to use the theories, procedures and tools of political science and public administration in real-life professional practice (specification, design, implementation, deployment and evaluation of solutions).
- Develop the learning skills needed to complete further studies or training with some degree of autonomy.
- Know the main theories and approaches of political science and public administration, as well as ideas and forms of political organisation.
- Know and be able to analyse the structure and functioning of public administrations.
- Know and be able to analyse administrative and financial planning, management and assessment in public services, and be able to design strategies for organisational improvement and quality assurance.
- Know and be able to interpret historical political and social frameworks so as to have a better understanding of current reality and future prospects; be able to manage historical documentary sources and to conduct comparative analyses of continuity and discontinuity in situations of change.
