ADDENDUM COVID-19

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

1. Contenidos

Se mantienen todos los contenidos inicialmente programados en la guía docente para las sesiones teóricas.

Las sesiones prácticas, incluirán realización de casos prácticos.

2. Volumen de trabajo y planificación temporal de la docencia

Se reduce el peso de unas actividades y se redistribuye entre otras

Reducción de las 60 horas de clases teórico-prácticas a 45 para acortar la duración de las videoconferencias. Traslado de esas 15 horas al tiempo de aprendizaje autónomo del estudiante con los materiales subidos al aula virtual

- Estudio y trabajo autónomo 45 horas
- Lecturas de material complementario 10 horas
- Preparación de actividades de evaluación 30 horas
- Preparación de clases de teoría 10 horas
- Preparación de clases prácticas y de problema. 10 horas
- Resolución de cuestionarios online 10 horas

3. Metodología docente

Subida de materiales al Aula virtual

Propuesta de actividades por aula virtual

Videoconferencia asíncrona BBC

Transparencias locutadas

Tutorías mediante videoconferencia

4. Evaluación

La evaluación de la asignatura, aparte de las correspondientes actividades complementarias, se efectuará mediante la valoración de un trabajo original elaborado sobre alguno de los temas de la asignatura Psiquiatría Forense.

El alumnado deberá realizar un trabajo con una extensión máxima de 15 y mínima de 10 hojas DIN A4, fuente Times New Roman de 12 puntos, con interlineado de 1'5 y márgenes (superior, inferior, derecho e izquierdo) de 2 cm.

La sangría de inicio de párrafo ha de ser de 2 cm.

La temática se asignará al alumnado en función de su NPA, con arreglo a la siguiente distribución:

NPA terminado en 0 (cero) Valoración psiquiátrica de la imputabilidad

NPA terminado en 1 (uno) Esquizofrenia y otros trastornos psicóticos

NPA terminado en 2 (dos) Transtornos del estado de ánimo. Trastorno bipolar

NPA terminado en 3 (tres) Transtornos de inicio en la infancia y en la adolescencia

NPA terminado en 4 (cuatro) Transtornos de personalidad. Cluster A y C

NPA terminado en 5 (cinco) Transtornos de personalidad. Cluster B

NPA terminado en 6 (seis) Transtornos relacionados con el abuso de sustancias

NPA terminado en 7 (siete) Transtornos de base orgánica

NPA terminado en 8 (ocho) Trastornos del control de impulsos

NPA terminado en 9 (nueve) Trastornos neuróticos

Los trabajos pueden realizarse en valenciano o castellano, indistintamente.

Contenido:

En el desarrollo del trabajo, se expondrá una primera parte de consideraciones generales correspondiente a un desarrollo basado en la exposición teórica, y a continuación se hará un desarrollo específico centrado en aspectos tratados en seminarios, fundamentalmente referido a imputabilidad, peligrosidad o reincidencia, etc.

El documento se presentará en formato pdf – sin protección alguna- a fin de que pueda ser sometido a los detectores de plagio.

Tras el título del trabajo, se hará constar el nombre y apellidos de quien lo presenta, junto a su NPA.

Los trabajos se remitirán a través del **correo electrónico institucional (@alumni.uv.es)** a las siguientes direcciones:

Alumnado del grupo CA: francesc.frances@uv.es / aurora.adam@uv.es

Alumnado del grupo CB: santiago.rincon@uv.es Alumnado del grupo DC: m.elisa.alfaro@uv.es

Alumnado del grupo DV: m.elisa.alfaro@uv.es

La fecha y hora límite para la remisión de los trabajos a evaluar, coincide con el final del tiempo del examen previsto en la planificación de la Facultat de Medicina i Odontología para la segunda convocatoria:

11 horas del 29 de mayo de 2020.

La fecha y hora que figure en el mensaje del **correo electrónico institucional (@alumni.uv.es)**, será fehaciente del cumplimiento del requisito.
