ADDENDUM COVID-19

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

BLENDED TEACHING MODEL:

If academic authorities so state, this subject will be adapted to the blended teaching model established by the Faculty of Law, under which students will attend in-person theoretical-practical classes in alternate weeks. To this end, the Secretariat of the Faculty will divide the group into as many subgroups as necessary, and lectures will take place for a subgroup in the classroom at the schedule established for the subject according to the calendar established by the Faculty, whereas the others will attend the class, as a priority, through synchronous VIDEOCONFERENCE.

The contents, volume of work and assessment remain in the terms initially foreseen in the academic guide.

NON-PRESENTIAL TEACHING MODEL:

If academic authorities declare the change into non-presential teaching, this subject will be taught to all students under the same conditions as those indicated for the distance teaching of the blended system.

The contents, volume of work and evaluation remain in the terms initially foreseen in the academic guide.
