Computable activities for the continuous evaluation. - In the CONTINUOUS EVALUATION the follow-up and the preparation of the content of the programme will be assessed. There will be AT LEAST TWO TASKS that will be assessed. They will consist mainly in the resolution of cases, an objective test, individual work or in group, etc.

In any case, professors can carry out additional activities for continuous evaluation that will be documented in the corresponding Annex to the Course Guide.

The continuous evaluation means assistance and participation. Those students that by diverse reasons cannot attend the lessons do not have right to a different continuous evaluation.

Punctuation of the continuous evaluation. – No marks will be awarded in the continuous evaluation if the student does not get AT LEAST 40% in this modality. In consequence, students who don't get at least 40% will have a final score of zero points in the continuous evaluation. The objective is to promote the continuous work.

Modality of the final test. - The modality of the FINAL TEST of knowledge (test, short questions or questions to be developed, both theoretical and theoretical-practical, oral examination, etc.) will be decided by each professor and will be communicated to the students in advance.

In case of coincidence of examinations, the type of examination may vary (e.g., test, oral, writing).

Need to pass the Final Test.- To pass the subject it is COMPULSORY to PASS THE FINAL TEST.

Students who participate in an activity of the continuous evaluation, but do not take the final test in any of the calls, will be considered as NO PRESENTED in the records of the corresponding calls of the subject.

Qualification in case of having no marks in the continuous evaluation. - Those students that do not participate regularly in the activities of the continuous evaluation will be assessed according to the result of the final exam, which is open to all the students. In such case, the maximum score they can get is 7 out of 10.
