HYBRID TEACHING

If the academic authority determines it, this subject will be adapted to the hybrid teaching model established by the Faculty of Law, which provides theoretical-practical face-to-face classes in discontinuous weeks for the student. For this purpose, the Secretary of the Faculty will divide the group into as many

subgroups as necessary, giving lessons in the classroom, in the schedule established for the subject, to one of the subgroups in each week according to the calendar established by the Faculty, foreseeing for the others, first and foremost, the class follow-up through synchronous VIDEOCONFERENCE.

The contents, volume of work and evaluation are maintained in the terms initially intended in the academic guide.

NON-FACE-TO-FACE TEACHING

If the academic authority establishes the change in non-face-to-face teaching, this subject will be taught to all students under the same conditions as the indicated for the non-face-to-face teaching part of the hybrid system.

The contents, volume of work and evaluation are maintained in the terms initially intended in the academic guide.
