SUMMARY**English version is not available**

El objeto de esta asignatura es el estudio del régimen jurídico de los presupuestos de los entes públicos. Partiendo del concepto, contenido y efectos de la institución presupuestaria y de los principios constitucionales relativos a la misma (unidad, anualidad, especialidad cualitativa y cuantitativa, estabilidad presupuestaria), la asignatura se centra posteriormente en el análisis y aplicación práctica de las normas reguladoras de los procedimientos de elaboración, aprobación, ejecución y control del presupuesto sobre el que esos principios se proyectan, principalmente la Ley General Presupuestaria, abordando finalmente el régimen de los presupuestos autonómicos y locales.

Esta asignatura, de carácter optativo, se ubica dentro del itinerario de Derecho público, y permite profundizar en el estudio de una rama tan relevante del Derecho financiero, disciplina que estudia la ordenación jurídica de la actividad financiera de las Administraciones Públicas, como es el Derecho presupuestario. Parte, para ello, de los conocimientos esenciales adquiridos al respecto dentro de la asignatura obligatoria "Derecho financiero y Tributario I", y permite adquirir a los estudiantes una visión más amplia del conjunto normativo regulador de la actividad de la Administración Pública, en el marco

del itinerario optativo en el que se inserta.

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

HYBRID TEACHING

If the academic authority determines it, this subject will be adapted to the hybrid teaching model established by the Faculty of Law, which provides theoretical-practical face-to-face classes in discontinuous weeks for the student. For this purpose, the Secretary of the Faculty will divide the group into as many

subgroups as necessary, giving lessons in the classroom, in the schedule established for the subject, to one of the subgroups in each week according to the calendar established by the Faculty, foreseeing for the others, first and foremost, the class follow-up through synchronous VIDEOCONFERENCE.

The contents, volume of work and evaluation are maintained in the terms initially intended in the academic guide.

NON-FACE-TO-FACE TEACHING

If the academic authority establishes the change in non-face-to-face teaching, this subject will be taught to all students under the same conditions as the indicated for the non-face-to-face teaching part of the hybrid system.

The contents, volume of work and evaluation are maintained in the terms initially intended in the academic guide
