TOTAL	112,50	

TEACHING METHODOLOGY**English version is not available****EVALUATION**

Evaluation system.

Oral or written test consisting of one or more exams, which may have an objective nature and include theoretical and practical questions and/or practical cases.

Continuous assessment of each student, based on regular attendance and active participation in activities developed in class, such as resolution of practical cases or participation in workshops, delivery of papers and/or reports and/or oral presentations about such activities, either individually or in group, taking into consideration the degree of involvement and the effort done by the student in the teaching-learning process and his/her skills and attitude shown during the development of such activities.

Continuous assessment of each student, based on attendance to seminars and visits to entities; and, if applicable, delivery of papers/reports and/or oral presentations about the organized activity, either individually or in group, taking into consideration the degree of involvement and the effort done by the student in the teaching-learning process and his/her skills and attitude shown during the development of such activity.
