OUTCOMES

1009 - Degree in Translation and Interlinguistic Mediation(English)

- Students must have acquired knowledge and understanding in a specific field of study, on the basis of general secondary education and at a level that includes mainly knowledge drawn from advanced textbooks, but also some cutting-edge knowledge in their field of study.
- Students must have the ability to gather and interpret relevant data (usually in their field of study) to make judgements that take relevant social, scientific or ethical issues into consideration.
- Interrelate different areas of humanistic studies.
- Show ethical commitment in the field of translation and linguistic mediation as regards gender equality, equal opportunities, the values of the culture of peace and democratic values and environmental and sustainability issues, and have an understanding and appreciation of linguistic diversity and multiculturalism.
- Apply information and communication technologies and computer tools to translation and linguistic mediation.
- Work as a team in the environment of translation and linguistic mediation and develop interpersonal relations.
- Work and learn autonomously and plan and manage work time in the field of translation and linguistic mediation.
- Apply quality criteria to work in the field of translation and linguistic mediation, following the specifications of the European quality standard EN-15038:2006.
- Know the grammar and develop communicative skills in Catalan, applied to translation and linguistic mediation, at a C2 level of the Common European Framework of Reference (CEFR).
- Compare and analyse the constituents of one's own language with those of other languages, in order to apply them to translation and linguistic mediation.
