TEACHING METHODOLOGY

EVALUATION

The evaluation will consist of two distinct parts:

- a) Individual written exam: 70%
- b) Oral presentation of a contrastive translation work: 30%

In order to pass the course, it is necessary to hand in the work in due time and form, i.e. before the official exam date. In addition, 50% of the marks for each section must be passed in order to pass the course. (Spelling mistakes will be penalised).

Evaluation criteria

- Individual written examination of a text whose typology has been studied in class.
- Individual work on an oral presentation of a contrastive translation work. The student will analyse and describe the translation process as well as its contextualisation.

IMPORTANT:

Only the part of the evaluation not passed in the first (work or final exam) will be recovered in the second call.

The teacher will indicate at the beginning of the course what percentage of the evaluation (and which activities) will be considered as not recoverable in the second call.

Intellectual honesty is vital to an academic community and for the fair evaluation of the student's work. All work submitted in this course must be originally authored by every student. No student shall engage in unauthorized collaboration or make use of ChatGPT or other AI composition software.
