SUMMARY

The 2nd year course is part of the French language literary studies module and delves into the skills developed and the content assimilated in the French language literature and culture module, as well as Introduction to French language literary texts. The subject's objective is the presentation and application of commentary methods to different literary texts in French by different authors, genres and periods. Increases the ability to read, interpret and critically analyze works written in the literature studied, in their original language. It encourages the application of methods of approach to the text and of operational concepts of literary criticism. Increases the ability to develop in writing and present in French a critical and synthetic reflection on aspects of French literature, applying terms typical of literary studies. Strengthens communication skills in the French language.

PREVIOUS KNOWLEDGE

Relationship to other subjects of the same degree
