## SUMMARY

Introducción a los textos literarios escritos en árabe en su marco cultural y proporcionar conocimientos de obras, autores y movimientos representativos de la literatura escrita en esta lengua y de la influencia ejercida en las literaturas y pensamiento occidentales.

La estrecha vinculación entre la literatura árabe y la religión musulmana obliga a una necesaria y constante referencia, no sólo en época medieval, sobre todo en el momento actual en que los medios de comunicación acentúan las diferencias con unos estereotipos forjados en los siglos XIX i XX, llenos de prejuicios.
