ADDENDUM COVID-19

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

The teaching of the 2020-2021 academic year to which this Teaching Guide refers is scheduled in face-to-face mode.

If at any time, during the course, for justified and supervening reasons it could not be carried out as planned, the responsible teaching staff will communicate more specific and detailed information about the changes that should be made through the Virtual Classroom of the subject.

Given the possibility of quarantine of some students or confinement of the population, the possibility of teaching distance learning by synchronous methods is contemplated, allowing the full development of the program.

The appropriate measures will be taken, if necessary, to facilitate access to the training sessions for any student who has to observe quarantine unexpectedly throughout the course.
