There are no specified enrollment restrictions with other subjects of the curriculum.

### Other requirements

REQUISITOS DE ADMISIÓN

## OUTCOMES

### 2130 - M.U. en Derecho y Violencia de Género 12-V.1

- Students should apply acquired knowledge to solve problems in unfamiliar contexts within their field of study, including multidisciplinary scenarios.
- Students should be able to integrate knowledge and address the complexity of making informed judgments based on incomplete or limited information, including reflections on the social and ethical responsibilities associated with the application of their knowledge and judgments.
- Students should communicate conclusions and underlying knowledge clearly and unambiguously to both specialized and non-specialized audiences.
- Students should demonstrate self-directed learning skills for continued academic growth.
- Students should possess and understand foundational knowledge that enables original thinking and research in the field.
- Conocer y comprender los problemas jurídicos novedosos de nuestra sociedad de forma sistemática, con actitud crítica, transdisciplinar, con la perspectiva nacional e internacional, con el debido análisis de sus orígenes y sus consecuencias.
- Localizar y analizar los problemas jurídicos sobre la base del respeto a los derechos y principios fundamentales propios de un Estado Democrático y de Derecho, donde no cabe discriminación por razón del origen, procedencia social ni por razón del sexo.
- Aplicar e integrar los conocimientos transdisciplinares adquiridos con actitud crítica y desde la perspectiva de género, como herramientas para generar Justicia, Igualdad y Seguridad en cualquier Estado.

- Manejar las técnicas y herramientas especializadas para obtención información y saber utilizar los instrumentos jurídicos avanzados, habilidades y métodos de investigación, desde su perspectiva teórica y práctica, con aplicación al ámbito de estudio de que se trate.
- Obtener los conocimientos y habilidades básicas para la argumentación jurídica, para su comunicación en foros especializados y generalistas, de forma oral y/o escrita, y hacerlo de forma clara, precisa y convincente.
- Tener la capacidad de diseñar procesos de investigación en un determinado ámbito temático dentro de los estándares de calidad e integridad académica.
- Desarrollar nuevos métodos de aprendizaje, presenciales y no presenciales, ejercitando la autonomía personal, el control de la búsqueda e interpretación de las fuentes de información.
- Saber trabajar en equipos multidisciplinares reproduciendo casos y contextos reales.
- Participar en debates y discusiones, liderarlo, coordinarlos y resumirlos y saber extraer las conclusiones más relevantes.
- Utilizar las técnicas de exposición de conocimiento más relevantes.
- Identificar, valorar e integrar en la toma de decisiones aquellos problemas jurídicos que se plantean desde la perspectiva multidisciplinar y con el enfoque de la Igualdad y Género y requieren un mayor nivel de investigación jurídica y afrontarlos de manera flexible y plural.
- Utilizar de forma rigurosa y segura, tanto individualmente como en grupo, desde una perspectiva multidisciplinar, los conocimientos avanzados adquiridos y aplicables a problemas jurídicos de contenido plural en nuestra compleja sociedad actual.
- Integrar los conocimientos jurídicos, sociológicos, educativos adquiridos, sabiendo entender y explicar la unitaria naturaleza de estos problemas y de sus soluciones en el ámbito del género.
- Profundizar en la naturaleza común de estos problemas tanto en el ordenamiento jurídico nacional como el internacional, profundizando en soluciones comunes interconectadas como herramienta para generar Igualdad, Justicia y Seguridad jurídica.
- Analizar de forma autónoma, creativa y crítica, con argumentos jurídicos sólidos y elaborados, la materia seleccionada para la investigación y sus matices transversales.
- Ser capaz de realizar un estudio de investigación multidisciplinar desde la perspectiva de género metodológicamente adecuado y competitivo para ser publicado en revistas científicas indexadas.

## LEARNING OUTCOMES

In this regard the most important issues at present are present in any model of protection of women subjected to abuse of power, especially focused on the judicial protection against them and the eradication of crime are addressed. This will be based on experience with the Spanish explanation of complex social , police and judicial framework for that purpose . It is critically reflect on the most sensitive legal issues involved in this system to provide them knowledge and interest when selecting the item and will eventually develop the methodological tools which implement Module II and IV.

This section may contrast their national systems with a real, modern and equipped with enormous practical experience nuances , developing a comprehensive and multidisciplinary knowledge of the specific problem under study . Thus, the / the student / to have the necessary expertise to deal with such

designs complex and coordinated on the basis of equality , justice and security protection. Also, from this point will have a plurality of topics of interest - something that is essential if we think that this is a studio whose ultimate goal is the initiation and consolidation in the research activity and future qualification as a doctor who for fixing the thematic areas which will work in future doctoral thesis.

A set of modules substantive and procedural nature of classroom acquire. Along with the modules of a criminal nature , where all the possible criminal offenses will be studied , explanatory modules Protocols Police action , the Centre Female 24 hours or the like, health and social services , the Institute of Legal Medicine , Courts will be held , Job Shift , etc . .

With this training , students should obtain a set of skills necessary to move both in a national context , mainly , and internationally as a pioneer system guarantees to abused women and their rights violated , on the basis of justice, safety and professional ethics, as to have a wide range of current issues related to the field of activity of Courts , which allow to set the thematic areas which will work in future doctoral thesis.
