## ADDENDUM COVID-19

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

### 1. 1. TEACHING METHODOLOGY

- Individual tutorials will preferably be virtual.

If sanitary situation imposes that all classes must be on-line, all sessions will be substituted for (select) materials in virtual Classroom, synchronous videoconferencing or registered presentations. Practical activities will guarantee the interaction with students by videoconference, forum or chat in virtual classroom. Teachers will communicate these adaptations through virtual classroom.

FOR VULNERABLE OR AFFECTED STUDENTS

*Methodology will be adapted to the following activities no face-to-face (select):*

- Synchronous videoconferencing
- Individual works
- Tutorials through videoconference

## 1. 2. **EVALUATION**

*The criteria of the teaching guide will be maintained regarding the estimation of each type of activity. For vulnerable or affected students, group activities qualification will be considered in individual activities.*

*In case that the sanitary situation impose that the final proof should be developed on-line, an evaluation by the following modality will be done among the following*

- Individual written exercise by questionnaire in a virtual classroom synchronous task.
- Individual written exercise by opened development exam in a virtual classroom synchronous task.
- Individual written synchronous proof by means of practical case in virtual classroom.
- Individual written proof asynchronous with questions of development in virtual classroom.
- Addition of activities of continuous evaluation.
- Oral proof by videoconference BBC.
- Others (specify)

## 1. 3. **BIBLIOGRAPHY**

*The bibliography of the guide will be maintained. If the sanitary situation imposes shutdown of libraries, teachers will facilitate materials of support in virtual classroom.*
