SUMMARY**English version is not available**

Muchas, sino todas, las decisiones que se toman relacionadas con el territorio siempre desencadenan impactos que en la mayoría de las ocasiones no son analizados ni previa ni convenientemente. Además, esas decisiones, que afectan a todos los colectivos presentes de manera directa o indirecta, no siempre son consensuadas entre los actores. Ante la nueva visión de hacer política, plasmada en el Libro Blanco de la Gobernanza Europea, la toma de decisiones sobre el territorio requiere necesariamente de un proceso abierto, participativo, eficaz, coherente y corresponsable, que se asiente en los principios de subsidiariedad y proporcionalidad. Y debe ser igual en la toma de decisiones sobre el turismo.

Porque si el sistema turístico, que incardina diferentes actores con diferentes intereses y diferentes poderes, se relaciona con el sistema territorial, no con menos actores, intereses y poderes, resulta imprescindible establecer un marco de entendimiento entre ambos (turismo y territorio) para que los

- Students can apply the knowledge acquired and their ability to solve problems in new or unfamiliar environments within broader (or multidisciplinary) contexts related to their field of study.
- Students are able to integrate knowledge and handle the complexity of formulating judgments based on information that, while being incomplete or limited, includes reflection on social and ethical responsibilities linked to the application of their knowledge and judgments.
