Relationship to other subjects of the same degree

There are no specified enrollment restrictions with other subjects of the curriculum.

Other requirements

Basic knowledge of Microeconomics and Macroeconomics

OUTCOMES

2203 - M.U. en Política Económica y Economía Pública

- Students should apply acquired knowledge to solve problems in unfamiliar contexts within their field of study, including multidisciplinary scenarios.
- Students should communicate conclusions and underlying knowledge clearly and unambiguously to both specialized and non-specialized audiences.
- Students should demonstrate self-directed learning skills for continued academic growth.
- Students should possess and understand foundational knowledge that enables original thinking and research in the field.
- Capacidad para preparar, redactar y exponer en público informes y proyectos sobre política económica y economía pública de manera clara y coherente, defenderlos con rigor y tolerancia y responder satisfactoriamente a críticas sobre los mismos.
- Desarrollar la capacidad crítica, impulsar la inquietud y el interés investigador; buscar, ordenar, analizar y sintetizar la información económica, seleccionando aquella que resulta pertinente para la toma de decisiones en política económica.
- Desarrollar la capacidad de trabajo en equipo, coordinación de tareas, liderazgo y compromiso con el grupo en el desarrollo de actividades de análisis de los problemas económicos y sus soluciones.
- Valorar diferentes problemas económicos, precisar sus causas e interpretar la toma de decisiones del Estado.
- Poder evaluar el impacto de la política económica sobre la economía en su conjunto y por áreas de actividad o sectores.

LEARNING OUTCOMES

Learning outcomes of the course Theory and policy of international trade are: understanding the scope of the increasing globalization of economic activity; assess the costs and benefits of international trade; know the theoretical models that explain international trade, as well as conventional instruments used in trade policies; know the main institutions governing international trade relations; know and understand the rationale for the various existing international trade agreements.
