SUMMARY

Internship is a subject of 15 ECTS belonging to "the Master's Degree in Personal and Community Nutrition.

The general aims of the Internship are:

- Complementing the educational training received with practical training, bringing students to work reality in which they could develop professional skills for the future.

- Apply the knowledge and skills acquired during the master to the development of the professional activity.
- To promote the initiative, creativity, overcoming difficulties, problem solving, decision making, responsibility, interest in practical learning, teamwork, respect for the other staff and the fulfilling of commitments.

The Internships consist of 375 hours of work, equivalent to three months of assistance to the company or organization at least 6 hours a day.

Other requirements

Not applicable

OUTCOMES

2194 - M.U. en Nutrición Personalizada y Comunitaria

- Students should apply acquired knowledge to solve problems in unfamiliar contexts within their field of study, including multidisciplinary scenarios.
- Students should be able to integrate knowledge and address the complexity of making informed judgments based on incomplete or limited information, including reflections on the social and ethical responsibilities associated with the application of their knowledge and judgments.
- Students should communicate conclusions and underlying knowledge clearly and unambiguously to both specialized and non-specialized audiences.
- Students should possess and understand foundational knowledge that enables original thinking and research in the field.
- Ser capaces de obtener y de seleccionar la información y las fuentes relevantes para la resolución de problemas, elaboración de estrategias y asesoramiento a clientes.
- Contemplar en conjunto y tener en cuenta los distintos aspectos y las implicaciones en los distintos aspectos de las decisiones y opciones adoptadas, sabiendo elegir o aconsejar las más convenientes dentro de la ética, la legalidad y los valores de la convivencia social.
- Know how to work in multidisciplinary teams reproducing real contexts and contributing and coordinating their own knowledge with that of other branches and participants.

- Participate in, lead and coordinate debates and discussions, be able to summarize them and extract the most relevant conclusions accepted by the majority.
- Proyectar sobre problemas concretos sus conocimientos y saber resumir y extraer los argumentos y las conclusiones más relevantes para su resolución.
- Planificar, ordenar y encauzar actividades de manera que se eviten en lo posible los imprevistos, se prevean y minimicen los eventuales problemas y se anticipen sus soluciones.
- Utilizar las distintas técnicas de exposición oral, escrita, presentaciones, paneles, etc., para comunicar sus conocimientos, propuestas y posiciones y teniendo en cuenta un lenguaje integrador e igualitario.
- Desarrollar y redactar resultados y/o publicar trabajos científicos en Nutrición.
- Conocer y aplicar los conocimientos y competencias adquiridas en el ámbito profesional en nutrición y alimentación.
- Adquirir el conocimiento que permita actuar en respeto a los derechos fundamentales y a los principios de igualdad.

TEACHING METHODOLOGY

Development and evaluation of projects.

In addition, the contents of the module will be related to the Sustainable Development Goals (SDG). This is intended to provide students with knowledge, skills and motivation to understand and address these SDGs, while promoting reflection and criticism.

EVALUATION

The internship will be supervised by one or more tutors, some of them being university professors designated

Evaluation of the internship is based on the student's skills, related to Personal and Community Nutrition, using as indicators the report submitted.

The student must fulfill the following requirements to pass the subject:

- Attendance of tutorials and proposed activities.

Adequately fulfill the work plan proposed by the company supervisor.

- Having presented a final internship report;

- The university tutor will evaluate the student's learning based on the adequacy of the student's report and the criteria established by the tutor.

- The company tutor will assess, by means of a questionnaire, the skills acquired by the student. The company supervisor's evaluation will be based on attendance, the fulfillment of the tasks realized by the student, the degree to which the student has assumed responsibilities, the degree of satisfaction of the company/organization with the work performed by the student and the general evaluation of the tasks carried out by the student
