OUTCOMES

2192 - M.U. en Acción Social y Educativa

- Students should apply acquired knowledge to solve problems in unfamiliar contexts within their field of study, including multidisciplinary scenarios.
- Students should be able to integrate knowledge and address the complexity of making informed judgments based on incomplete or limited information, including reflections on the social and ethical responsibilities associated with the application of their knowledge and judgments.
- Students should communicate conclusions and underlying knowledge clearly and unambiguously to both specialized and non-specialized audiences.
- Students should demonstrate self-directed learning skills for continued academic growth.
- Students should possess and understand foundational knowledge that enables original thinking and research in the field.
- Obtain an in-depth knowledge of the psychological nature of human behaviour and of the social and biological factors that can affect it.
- Comprender y utilizar conocimientos avanzados en el contexto de la investigación socioeducativa.
- Evaluar teorías y metodologías para formular juicios críticos sobre la propia práctica socioeducativa y el contexto en el que se desarrolla.
- Anticipar consecuencias y situar en el desarrollo histórico las problemáticas concretas del contexto de intervención socioeducativa.
- Asumir la responsabilidad de su propio desarrollo profesional y de su especialización en el ámbito social y educativo.

- Problematizar realidades sociales complejas e intentar resolver situaciones y conflictos, que desde una perspectiva socioeducativa requieren la comprensión y puesta en relación de intereses divergentes.
- Analizar los entornos, los contextos y las experiencias de la acción social y educativa, para revisar críticamente, diseñar y desarrollar los principios y presupuestos de la intervención.
- Analizar críticamente los discursos de la relación educativa, y construir los elementos de revisión de la propia identidad profesional y de la relación con el otro.
- Conocer y analizar las tendencias de la intervención socioeducativa y sus consecuencias en las políticas públicas.
- Analizar las políticas socioeducativas en los diversos contextos e interpretar las formas de intervención que plantean.
- Desarrollar estrategias para la problematización, el análisis y la investigación de la acción social y educativa, con el objetivo de diseñar y revisar vías para la intervención.
- Analizar y sintetizar situaciones, aportaciones teóricas y metodológicas, y estrategias diversas de intervención.
