SUMMARY

The Final Master Thesis constitutes the logical and final objective of the Master. The program offers to the students the possibility of advanced knowledge and skills about the national and international dimension of the commercial activity. The FMT must show that the student has achieved full research ability. The Master is the first steps for some students who want to gain access to the Programme of Doctorate of the Faculty of Law of the University of Valencia.

PREVIOUS KNOWLEDGE**Relationship to other subjects of the same degree**

There are no specified enrollment restrictions with other subjects of the curriculum.

Other requirements

The student should preferably have a previous degree in Law.

OUTCOMES

2217 - M.U. en Derecho, empresa y justicia 17-V.2

- Capacidad para formular una hipótesis original de investigación.
- Students can apply the knowledge acquired and their ability to solve problems in new or unfamiliar environments within broader (or multidisciplinary) contexts related to their field of study.
- Students are able to integrate knowledge and handle the complexity of formulating judgments based on information that, while being incomplete or limited, includes reflection on social and ethical responsibilities linked to the application of their knowledge and judgments.
- Students can communicate their conclusions, and the knowledge and rationale underpinning these, to specialist and non-specialist audiences, clearly and unambiguously.
- Students have the learning skills that will allow them to continue studying in a way that will be largely self-directed or autonomous.
- Students have the knowledge and understanding that provide a basis or an opportunity for originality in developing and/or applying ideas, often within a research context.
- Aplicar e integrar los conocimientos teóricos adquiridos en la práctica, con una actitud crítica, abierta y creativa, desde la óptica de la paz social y la seguridad jurídica.
- Conocer y aplicar correctamente los distintos métodos de investigación científica adecuados al ámbito de estudio e investigación jurídica determinado.
- Conocer y aplicar las TICs en el desarrollo y elaboración de una investigación jurídica.
- Saber seleccionar, localizar y utilizar las distintas fuentes de información, en especial, las bases de datos y gestores bibliográficos.
- Capacidad de implementación práctica de los conocimientos aprendidos en los debates y discusiones, así como ser capaces de dirigirlos e identificar y analizar las conclusiones más relevantes.
- Identificar, seleccionar y aplicar la metodología de investigación adecuada al sector temático seleccionado y ser capaz de comunicarla con el rigor debido.
- Analizar y discriminar la información y argumentación relevante para la elaboración del trabajo de investigación.
- Identificar y controlar las fuentes de información -legales, doctrinales y jurisprudenciales- especializadas para el tema de investigación, tanto en soporte físico como on-line.
- Estructurar, elaborar, argumentar y defender con rigor y seriedad académica un trabajo de investigación jurídica, buscando la excelencia.
- Afianzar la capacidad de búsqueda y gestión aplicada a casos concretos y complejos nacionales e internacionales de fuentes de información convencionales y no convencionales.
- Adquirir las técnicas y habilidades que permitan continuar desarrollando la labor investigadora, desarrollando la capacidad de trabajo autónomo y de la gestión del tiempo.

The object of this topic is the preparation and public defense of the Final Master Thesis. The student will be able to show his/her ability to select a topic, to develop it properly and methodically with a proper use of the existing sources. The FMT will end up with the public defense before a panel of academics of the research work undergone.

DESCRIPTION OF CONTENTS

1. Elaboration of the FMT

Elaboration of the FMT -original, unpublished and of sufficient quality to be published in a law journal- under the direct and constant supervision of a tutor. The Master Thesis will be in line with the Master Thesis guidelines enacted by the CCA of the Master -available for all students- and will comply with the regulation enacted by the University to this respect.

TEACHING METHODOLOGY

The elaboration of the FMT does not have a specific "docent" methodology. The Thesis is the final consequence of the Master and it must show that the student has achieved all objectives and skills envisaged. The FMY must be implemented in constant and direct coordination between the director and the student.

EVALUATION

Quality of the research undergone, of its public defence and evaluation of the several competences to be acquired. 100.0%

ADDENDUM COVID-19

This addendum will only be activated if the health situation requires so and with the prior agreement of the Governing Council

This subject is taught throughout the academic year 2021-22. The student and the tutor are in touch on-line during the first semester of the academic year and from March 2022 until the conclusion of the TFM. Regarding the face-to-face phase of the master, the CCA of the Master will adopt, where appropriate, and taking into account the evolution of the current pandemic of COVID-19 and the indications of the academic and health authorities, the measures it deems appropriate to ensure the normal development of the subject during the months of January to March 2022. Measures that will be communicated publicly and immediately to all the students of the subject and that will seek, at all times, to combine the permanence of the teaching activity with preserving the health of teachers and students.
