**SUMMARY****English version is not available**

La asignatura analiza los retos que enfrenta la ordenación y disciplina del mercado financiero y de la actividad financiera no bancaria (banca en la sombra), con especial estudio del Mecanismo Único de Supervisión europeo. También estudia los operadores específicos de estos mercados (entidades de crédito, empresas de servicios de inversión, instituciones de inversión colectiva, etc.), y examina algunos de los contratos más utilizados en los mercados financieros, con especial referencia a la protección del cliente de las entidades de crédito, normas de conducta en los mercados de valores y tutela específica del cliente de seguros.

## PREVIOUS KNOWLEDGE

## COMPETENCES (RD 1393/2007) // LEARNING OUTCOMES (RD 822/2021)

### 2246 - Master's Degree in International and European Studies

- Students should apply acquired knowledge to solve problems in unfamiliar contexts within their field of study, including multidisciplinary scenarios.
- Students should be able to integrate knowledge and address the complexity of making informed judgments based on incomplete or limited information, including reflections on the social and ethical responsibilities associated with the application of their knowledge and judgments.
- Students should communicate conclusions and underlying knowledge clearly and unambiguously to both specialized and non-specialized audiences.
- Students should possess and understand foundational knowledge that enables original thinking and research in the field.
- Students have the ability to discover and select both information and the appropriate sources thereof pertinent to the resolution of international and European problems/issues that present a certain degree of difficulty.
- Students have an in-depth understanding of how to identify, acquire, manage and analyze texts and/or documents both international and European in nature.
- Students are able to work effectively in a team in pursuit of the resolution of complex international and European problems.
- Students demonstrate an advanced capacity to master international judicial/political language; especially that related to Community matters.
- Students participate in debates that address European/international problems, are able to direct and coordinate them, summarize them and extract the important conclusions accepted by the majority.
- Students utilize diverse communication techniques ? oral, written, presentations, panels, etc. ? to impart their knowledge, proposals and positions.

- Students are able to project their own knowledge on specific problems and, in so doing, distill the most significant arguments and conclusions for their resolution.
