## COMPETENCES (RD 1393/2007) // LEARNING OUTCOMES (RD 822/2021)

### 2246 - Master's Degree in International and European Studies

- Students should be able to integrate knowledge and address the complexity of making informed judgments based on incomplete or limited information, including reflections on the social and ethical responsibilities associated with the application of their knowledge and judgments.
- Students should demonstrate self-directed learning skills for continued academic growth.
- Students have the ability to discover and select both information and the appropriate sources thereof pertinent to the resolution of international and European problems/issues that present a certain degree of difficulty.
- Students have an in-depth understanding of how to identify, acquire, manage and analyze texts and/or documents both international and European in nature.
- Students demonstrate an advanced capacity to master international judicial/political language; especially that related to Community matters.
- Students utilize diverse communication techniques ? oral, written, presentations, panels, etc. ? to impart their knowledge, proposals and positions.
- Students have the skills to analyze a specific topic/problem employing the principal research methodologies and making use of appropriate sources to undertake an in-depth study and perform an assessment of its elements, thereby reaching conclusions that, if applicable, allow the presentation of duly reasoned proposals for a solution.
